

## Careers in Public Service Campaign Launch

Recently (28 June), the Premier, the Hon. David Burt, JP, MP, delivered a Ministerial Statement highlighting the introduction of a comprehensive Public Service Career Guide that showcases the varied and rewarding opportunities in Government.

The Guide explains the qualifications, skills, and competencies needed for different roles within the public sector and is part of the broader “Careers in the Public Service” campaign.

Following his House of Assembly presentation, Premier Burt met with two of the many individuals in Government who are doing works of excellence in the public service - Mr. Joshua Powell (Marine Operations Centre Controller) and Mr. Vernon Harrison (First Class Branch Pilot). Both came through the Marine and Ports Services apprenticeship training programme, and are participating in the campaign as Career Ambassadors.

For more information about the recently launched Career Guide, individuals can visit here: [www.gov.bm/careers-public-service](http://www.gov.bm/careers-public-service)
