BERMUDA GUIDANCE DOCUMENT V2 **For visiting Pleasure Craft and Superyachts**

Passenger Ships and Other Vessels Act 1972

Message from the Minister of Transport

The Government of Bermuda welcomes pleasure craft and superyachts to our shores.

Bermuda is pleased to have introduced legislation that creates a tourism product that makes Bermuda more attractive as a destination for yachts, in particular for superyachts. Effective from 1 January 2020, superyachts were granted the ability to charter in our picturesque waters for a maximum of six-months and 12-guests.

Since the beginning of the COVID-19 global pandemic, pleasure craft and superyachts have been visiting Bermuda for an assortment of reasons during Phases 1-3, following various protocols for isolation, quarantine and testing.

Currently, Bermuda is in Phase 4. The L. F. Wade International Airport reopened on 1 July 2020 for the resumption of airline service. The Ministry of Health has implemented a COVID-19 PCR testing protocol to keep our residents and visitors safe. In addition, the Government of Bermuda has one of the most successful contact tracing regimes to contain the spread of the virus.

Please visit <https://www.gov.bm/coronavirus-travellers> for specific information regarding Traveller Authorisation and pre-departure testing requirements. This site is regularly updated and will help guide you to Bermuda.

We look forward to welcoming you to Bermuda.

Sincerely,

The Hon. Neville S. Tyrrell, JP, MP
Minister of Transport

Public Notice

The Superyachts and Other Vessels (Miscellaneous) Bill 2019 became law on **1 January 2020**. This new legislation was created to make the process of visiting the island as easy and streamlined as possible. This Guidance Document addresses the use and certification of vessels, their safe manning, and the crew qualification requirements for vessels visiting Bermuda. Arrangements are in place for both visiting Pleasure Craft and Superyachts to transit or cruise to Bermuda and for Superyachts to engage in Charter activities.

Definitions

‘pleasure craft’ – means a vessel which at the time of its arrival is being used for private recreational purposes; it does not include a superyacht.

‘superyacht’ – means a vessel measuring in length in excess of 24 metres, irrespective of tonnage, with passenger accommodations not exceeding twelve (12) persons (excluding crew); it excludes a passenger ship or any vessel used for the transportation of goods for commercial purposes.

‘transit permit’ – for pleasure craft and superyachts visiting Bermuda for a period not exceeding five (5) days (see exemptions Annex I).

‘cruising permit’ – for pleasure craft and superyachts for a period not exceeding six (6) months for the purposes of pleasure and putting ashore passengers, however, it may not provide chartering services in Bermuda (see exemptions Annex I).

‘charter permit’ – valid for superyachts only for a period not exceeding six (6) months, may charter in Bermuda for periods of 24-hours or more, no day charters are permitted (see exemptions Annex I).

Permit Fees

Transit permit	\$5 per metre
Cruising permit	(a) \$8.50 per metre for superyachts; (b) \$6.50 for pleasure craft
Charter permit	one-off fee of \$8.50 per metre, plus 6% of gross charter fee for each charter

How to Apply

Transit Permits and Cruising Permits - Application and payment is made at time of arrival in Bermuda when the Customs Department Boarding Officer clears the vessel at the yacht reporting centre; or you may apply in advance through a Local Agent.

Charter Permit – Advance application only through your Local Agent – forms available at:

www.marops.bm/charterpermit

Annex V	Application for Charter Permit – Check List
Annex VI	Authorized Local Agents
Annex VII	Forms

EXEMPTIONS

Pleasure Craft and Superyachts Exemptions from Transit and Cruising Permits

- arriving in Bermuda solely by reason of distress or emergency;
- arriving on behalf of, or at the expense of, the Government of Bermuda or the Government of the United Kingdom or any foreign Government;
- travelling on behalf of, or at the expense of, the Government of Bermuda or the Government of the United Kingdom or any foreign Government;
- for the time being used solely for scientific research or nautical exploration;
- if registered by Sail Training International as a sail training vessel;
- participating either as a competitor or support vessel in a sailing race or event approved by the Minister;
- arriving solely by reason of assisting in a the salvage of another vessel;
- taking a local pilot if under 50 GRT.

Pleasure Craft and Superyachts Exemptions:

- Temporary Customs Duty Relief [imported equipment, furnishings, fittings, fixtures, parts, ships' stores including alcohol and tobacco (restrictions apply)];
- Passenger Departure Head Tax;
- Licensing fees;
- Light tolls.

Additional Superyacht Exemptions:

- taking a local pilot if over 50 GRT [approval required from Marine & Ports, Services];

All Pleasure Craft and Superyachts will continue to receive:

- Duty Free fuel voucher, one time use.

PROCEDURES FOR TRANSIT, CRUISING AND CHARTER PERMITS

All vessels are required to have one of three (3) permits: Transit, Cruising or Charter Permit if not exempted.

1. Transit Permit - Vessels in transit through Bermuda

Unless exempted, any vessel arriving in Bermuda without previously making arrangements for a Cruising Permit or a Charter Permit through their Local Agent will be eligible to obtain a Transit Permit.

- 1.1. A transit permit will be issued in the form of a receipt from Bermuda Customs Department upon inward clearance into the island.
- 1.2. Transit Permit is valid for 5 days.
- 1.3. There is a fee for issuing a Transit Permit.
 - a. A vessel which arrives without a Cruising or (Charter Permit if a superyacht) but would like to remain longer than five days in Bermuda is eligible to make an application for a Cruising or (Charter Permit if a superyacht), as appropriate, during the period of the Transit Permit.
 - b. In this case, the owner or operator of the pleasure craft or superyacht granted a transit permit seeks to extend the vessel's visit beyond five days, the owner or operator may apply for a cruising permit, and in calculating the prescribed fee, credit shall be given for the fee already paid in respect of the transit permit.
 - c. Extension to a Transit Permit due to weather delay, may be granted by the Customs Department at its discretion.

2. Cruising Permit

- 2.1. Visiting Pleasure Craft and Superyachts which are in private use¹, may apply for a "Cruising Permit"
 - a. Visiting vessels are encouraged to engage the services of a Local Agent to make arrangements to receive the Cruising Permit in advance of arrival. A list of Local Agents can be found in Annex VI of this notice.

¹ In use by the owner, or related to the owning company and their friends and family. Without any commercial transaction or agreement of restitution.

- b. There is a fee for the issue of a Cruising Permit.
 - c. The Cruising Permit fee must be paid to Bermuda Customs on clearance into Bermuda. The Cruising Permit will be issued in the form of a receipt by Bermuda Customs once all necessary requirements/conditions have been met.
- 2.2 The vessel must be registered as a Pleasure Craft (vessel) with its Flag Administration and be holding documentation of this status.
 - 2.3 A pleasure craft or superyacht which is a “Commercial Yacht” may apply for a Cruising Permit provided it is in private use¹ for the duration of their call in Bermuda. This status will be verified by the Bermuda Customs Department on clearance into Bermuda.
 - 2.4 The number of passengers on board must be in accordance with the registration documentation issued by the vessel’s Flag Administration. If this is not specified the limit will be 12 passengers.
 - 2.5 Vessels issued with a Cruising Permit wishing to host a private function with more than the maximum number of passengers allowed on their Certification must:
 - a. be holding a valid dispensation issued by their Flag Administration to allow the extra persons,
 - b. be holding an approved stability document which allows for the increased capacity; and
 - c. have sufficient approved lifesaving appliances for all persons on board.

Superyachts Carrying Passengers

3. **Charter Permit** is required for visiting superyachts wishing to engage in commercial activity².
 - 3.1. Visiting superyachts must engage the services of a Local Agent to make arrangements to receive the Charter Permit in advance of arrival. A list of Local Agents can be found in Annex VI of this notice.
 - a. The Charter Permit will be issued by the Customs Department on the approval of the Bermuda Shipping & Maritime Authority and Marine & Ports, once all necessary requirements/conditions have been met.
 - b. The Charter Permit fee will be paid on arrival in Bermuda.
 - c. Superyachts are allowed to apply for a charter permit following arrival in Bermuda.
 - d. There is also an additional fee which is based on the gross value of each Charter. This fee is 6% and is payable before the vessel departs Bermuda.
 - 3.2. Vessels applying for a Charter Permit will be required to meet the following minimum requirements depending on the Vessel’s Flag Administration.
 - a. Each vessel must carry documents, issued by the vessel’s Flag Administration. Such documents could be, but are not limited to: Certificate of Registry, Certificate of Nationality and Certificate of Documentation. This document must confirm the vessel’s registration as a Commercial Yacht.

¹ In use by the owner, or related to the owning company and their friends and family. Without any commercial transaction or agreement of restitution.

² Any activity for which the passengers have paid for transport or service either directly by delivery of funds or through agreement of restitution.

- i. Vessels which are not registered as a “Commercial Yacht”, but which are allowed by their Flag Administration to conduct commercial activities, must hold a valid Certificate of Compliance to one of the commercial codes discussed below.
 - ii. If the Flag Administration of the vessel does not issue a Certificate of Compliance for commercial operations, one such certificate can be requested from any of the Bermuda recognized Class Societies (LR, ABS, DNV-GL, BV, NKK, RINA) who are authorised to conduct inspections and certification under commercial yacht Codes.
- b. The vessel shall carry a copy of an acceptable Charter Agreement or a Contract of Charter.
- c. Vessels must meet the conditions outlined below with regard to safety certification, safe manning and insurance for safe operation, depending on the size and the Flag Administration of the vessel.

i. **UK, MCA, Small Commercial Vessel Code - MGN 280 (M) (SCV Code)**

- 1) Small Commercial Vessel Certificate issued by a Certifying Authority³
- 2) A person holding a RYA Yacht Master Certificate with a Commercial Endorsement;
- 3) Third Party Risk Insurance as appropriate for the vessel and personnel.

ii. **UK, Large Yacht Code (LY, LY2 ,LY3) or Passenger Yacht Code (PYC)**

- 1) Vessels coming under this category are greater than 24 metres in length and are subject IMO International Conventions hence they should carry relevant Convention certificates, depending on tonnage, which may include Load Lines, ISM, MARPOL etc. in addition to LY certification.
- 2) Large Commercial Yacht Certificate or Passenger Yacht Code Certificate as appropriate (LY, LY2, LY3, PYC).
- 3) Person(s) holding an appropriate STCW (Yacht) Master Certificate(s).
- 4) Third Party Risk Insurance as appropriate for the vessel and personnel.

iii. **Vessels owned or operated by US Citizens or Companies**

1) Uninspected Vessels (US CFR 46 – Sub-Chapter C)

- a) US Coast Guard Documentation for 6 Pax and 12 Pax vessels
 - i. Six (6) PAX vessels (6 passengers only)⁴;
 - ii. Twelve PAX vessels (12 passengers only)⁴;

³ If the vessel intends to carry more than 12 passengers, the vessel must carry a letter issued by the Certifying Authority certifying the maximum number of passengers the vessel is fit to carry taking into consideration the vessel’s freeboard, stability and safe deck area requirements.

⁴ If any of the above vessels wish to carry more passengers than allowed under the above (US CFR 46 – Sub-Chapter C, T or K) regulations, the vessel shall carry a letter issued by the US Coastguard stating the maximum number of passengers such a vessel is permitted to carry safely.

- b) Person(s) holding an appropriate Certificate(s) issued by the US Coastguard for operating such boats;
- c) Third Party Risk Insurance as appropriate for the vessel and personnel.

2) CFR 46 - Sub Chapter T – Small passenger vessels of less than 100 GT, carrying less than 150 passengers⁴

- a) Appropriate Certification of Inspection (CoI) and supporting documents issued by the USCG;
- b) Person(s) holding an appropriate Certificate(s) issued by the US Coastguard for operating such boats; (where applicable, relevant STCW certification);
- c) Third Party Risk Insurance as appropriate for the vessel and personnel.

3) CFR 46 - Sub Chapter K,- Vessels under 100 GT carrying more than 150 passengers⁴

- a) Appropriate Certification of Inspection (CoI) and supporting documents issued by the USCG;
- b) Person(s) holding an appropriate Certificate(s) issued by the US Coastguard for operating such boats; (where applicable, relevant STCW certification);
- c) Third Party Risk Insurance as appropriate for the vessel and personnel.

iv. Foreign owned vessels operating in the Caribbean

1) “Code of Safety for Small Commercial Vessels Operating in the Caribbean” (Caribbean - SCV Code)

a) SCV Code, carrying up to 150 passengers⁵

- i) Appropriate Certification of Inspection (CoI), and supporting documents issued by the relevant national administration or the Recognized Organization;
- ii) Person(s) holding an appropriate Boatmaster and Boat Engineer Certificate, and watch-keepers having certificates issued by the relevant National Administration for operating such boats; (Where applicable relevant STCW certification);
- iii) Third Party Risk Insurance as appropriate for the vessel and personnel.

v. Foreign vessels from other countries:

- 1) Passenger vessel safety certificate issued by the vessel’s national authority;
- 2) Person(s) holding an appropriate STCW or National certificates of competency appropriate to operate the vessel;

⁵ If any SCV Code vessels wish to carry more passengers than allowed under the above Code, the vessel shall carry a letter issued by the National Administration stating the maximum number of passengers such a vessel is permitted to carry safely.

3) Third Party Risk Insurance as appropriate for the vessel and personnel.

3.3. **Superyachts holding a Charter Permit** for a maximum of 12 passengers may only charter for periods of 24-hours or more (no day charters are permitted), but wishing to host a function with more than 12 passengers during the charter period must not exceed the maximum number of passengers allowed on their Safety Certification and must:

- a. hold a valid dispensation issued by their Flag Administration to allow the extra persons;
- b. hold an approved stability document which allows for the increased capacity;
- c. have sufficient approved lifesaving appliances for all persons on board;
- d. only have social functions with extra persons on board while the vessel is alongside or at anchor;
and
- e. hold a valid Bermuda liquor licence, if applicable.

DESIGNATED YACHT REPORTING CENTRES

4. The following places are each hereby designated as yacht reporting centres for pleasure craft and superyachts—

Principal yacht reporting centre:

- **St. George’s Yacht Reporting Centre** at 3 Ordnance Island, St. George’s; and

Vessels seeking to clear inwards may make a request to the Customs Department by e-mail prior to arrival:

- **Hamilton Yacht Reporting Centre** at the Fairmont Hamilton Princess Marina, 76 Pitt’s Bay Road, Pembroke, for pleasure craft berthing or mooring at the Fairmont Hamilton Princess Marina; and

Vessels participating in ocean races may proceed directly to their relevant yacht report centre listed below unless otherwise advised by the Department of Customs or the Maritime Operations Centre (Bermuda Radio):

Designated Yacht Reporting Centre	Class of Pleasure Craft
Royal Hamilton Amateur Dinghy Club, 25 Pomander Road, Paget	Annapolis Bermuda Race (Bermuda Ocean Race)
St. George’s Dinghy & Sports Club, Cut Road, St. George’s	World Cruising Club ARC USA
St. George’s Dinghy & Sports Club, Cut	World Cruising Club ARC Europe Road, St. George’s (Atlantic Rally to Europe)
St. George’s Dinghy & Sports Club, Cut Road, St. George’s	Bermuda One-Two Race
Royal Hamilton Amateur Dinghy Club, 25	Marion to Bermuda Cruising Yacht Race

Pomander Road, Paget

St. George's Dinghy & Sports Club, Cut
Road, St. George's

North American Rally to the Caribbean (NARC)

Royal Bermuda Yacht Club, 11 Point
Pleasant Road, City of Hamilton

Newport to Bermuda Race

CUSTOMS INFORMATION ON IMPORTATION

5. Declaring vessel's spares, parts and stores - declaring articles and parts for commercial tour boats

5.1. Importing pleasure craft and superyachts

No Bermuda Customs Declaration form (BCD) is required for visiting pleasure craft and superyachts that import themselves. If a visiting vessel is imported on board a ship, the vessel should be declared on a Temporary Import BCD specifying either CPC 5005 (visiting pleasure craft of non-residents) or CPC 5034 (superyachts) as appropriate in box 16 on the form (see link below).

For search and rescue purposes, details (name, registration number and MMSI number) of any tenders i.e. , inflatables, sailing vessels, Personal Water Craft carried on board the 'parent' vessel and intended to be used in Bermuda Territorial Waters must be made known to the Maritime Operations Centre (Bermuda Radio) as part of the application.

5.2. Declaring vessels' spares, parts and stores

No Temporary import BCD is required for the clearance of spare parts, and stores intended for visiting pleasure craft of non-residents (CPC 5005) and superyachts (CPC 5034). Instead, such goods should be declared on an Export BCD specifying CPC 3011 in box 16 on the form.

5.3. General

All BCD forms should be completed in accordance with Customs Public Notice 17 - Bermuda Customs Declaration Guidelines, Supplementals and Appendices. (Refer to link to BCD and guidelines below).

5.4. Website: <https://www.gov.bm/bermuda-customs-declaration-bcd>

6. Importation of Fruits and Vegetables

Certain fresh fruits and vegetables are considered [High Risk Produce](#) or are from a [High Risk Areas](#) and are restricted entry into Bermuda.

Notes – 'Form' Requirements (Vessels require an import permit from DENR)

- 6.1. If you are importing personal goods to Bermuda, which will remain in Bermuda, you must complete the **Customs Travellers Declaration Form** (Form 98).
- 6.2. Upon arrival in Bermuda, the **Bermuda Customs Clearance Form** must be completed in respect of the vessel.
- 6.3. If you are in receipt of **Charter Permit**, you must attach the documents listed in Annex V to the **Bermuda Customs Clearance Form**.

7. Prohibited Items:

*As hosts of pests of quarantine significance, the following items are **NOT** permitted to be imported into Bermuda. If any of the regulated/prohibited items below are imported, the DENR must be alerted immediately and arrangements must be made by the importer to transport the said items to the Department of Environment and Natural Resources (DENR) for appropriate handling and disposal.*

A. PROHIBITED FRUITS AND VEGETABLES

- Fresh **CORN ON THE COB** (*frozen corn is permitted entry*)
- Fresh whole and baby **CARROTS** (*shredded carrots are permitted entry*)
- Fresh **SWEET POTATOES** (*American 'yams'*)
- Fresh, **untreated SOFT FRUIT** (*such as mangoes, papaya, guava and other exotic fruit*)*
- **FLORIDA and NON-US origin CITRUS** - Citrus includes oranges, lemons, mandarins, grapefruit, limes, kumquats etc. Citrus fruit originating in Florida or outside of the USA are **NOT** permitted on board in Bermuda. ***Citrus from California, Texas and Arizona ARE permitted on board.***
- **Avocados** originating in Mexico, Central or South America or the Caribbean which are not in compliance with Southern US port entry requirements. Avocadoes from other origins must be in original packaging labelled to indicate their origin and the DENR contacted for inspection.
- **ANY fruit or vegetable or other agricultural item** originating from countries in which the Hibiscus (Pink) Mealybug, *Maconellicoccus hirsutus*, has been reported. This includes Africa, Australia, ALL Caribbean Islands, the Far East, Florida, Guatemala, Hawaii, India and the Middle East.

***Fresh Mangoes and other soft fruit (guavas, papayas etc.)** from areas known to have fruit flies of quarantine importance must be treated. **Areas of concern** include the state of Florida and regions outside the US: Caribbean, Mediterranean, India, South Africa etc. (Local Agent will provide a list of specific countries).

***Acceptable treatments administered by approved facilities include: irradiation, hot water immersion, cold storage, cooking, freezing, hot vapour etc. These treatments must be performed on the produce prior to importation into Bermuda's shores/waters and the packaging of the incoming commodities must clearly identify the treatment and the authorizing body.** For example, shipments of mangoes that have been USDA approved hot-water treated shall reflect this certification on the packaging and arrive in their original shipping crate that bears the stamp attesting to treatment. As such, they will be permitted in port.

B. PROHIBITED LIVE PLANTS

The following plants are prohibited entry:

- Palm trees, leaves and other products and parts of the palm family. (De-husked coconuts and dates (fruit) are permitted). Palm trees for decoration are NOT permitted on board.

- Oleander (Nerium spp.) plants and flowers
- Banana, plantains (Musa spp.) plants. (Fruit is permitted).
- Hibiscus (Hibiscus spp.) plants and flowers

Plants imported into Bermuda must be free of injurious pests and diseases.

C. FLOWERS, FLORAL GREENS AND DECORATIONS

The importation of all floral material is restricted to local florists and must comply with the established importation protocols and procedures (including declaration of each incoming shipment, clearance through H.M. Customs, authorization of release from H.M. Customs and inspection by the DENR). **Floral material imported in contravention of the regulatory procedures will be confiscated and destroyed upon arrival.**

PLEASE NOTE:

SOIL IS NOT PERMITTED ENTRY. *Used vehicles and other items contaminated with soil must, under NO CONDITIONS be landed in Bermuda*

OTHER REGULATED COMMODITIES:

Please contact the Department of Environment and Natural Resources for the importation requirements for firewood, plants, plant products, bulbs, potting media, pesticides and other agricultural items.

UNWANTED HITCHHIKERS

ALL OF THE ABOVE SUBJECT TO CHANGE

Please notify the DENR immediately if bees, wasps or other hitchhikers have travelled into Bermuda's waters with the vessel.

APPLICATION FOR CHARTER PERMITS – CHECK LIST

The Customs Department issues charter permits working in consultation with the Department of Marine & Ports and the Bermuda Shipping & Maritime Authority for the approval process and exemptions.

The Master of the vessel, through your Local Agent, is required to provide the following documentation (available at www.marops.bm/charterpermit) in advance of arrival in Bermuda and is also required to attach the following to the application:

- superyacht commercial registration in a recognised jurisdiction
- outward clearance form from the superyacht's previous port
- indemnity insurance policy relating to the charter of the superyacht, relevant period
- Bermuda immigration completed manifest with passport details of all passengers and crew
- Bermuda customs traveller declaration form
- maritime declaration of health form
- the captain/master's credentials (copies of qualifications, permits and licences)
- application for certificate of exemption for master to navigate the waters of bermuda without a bermuda pilot on board is requested;
- proof that all relevant charts and publications for Bermuda are carried in paper and electronic form aboard vessels to which any charter permit applies
- should have a list of mandatory charts (name and number)

Note:

1. Any firearms, flare guns, spear guns or other weapons required to be declared to the Customs Department are made known and will be held in bond until departure.
2. The Charter Permit includes the usage of a small vessel(s) on board the superyacht, and Owner/Master must ensure that they have the appropriate safety equipment and facilities that are covered under the attached indemnity insurance policy.
3. Application for Traveller Authorization during Phase 4 of the COVID-19 pandemic is required.
